

GYPSEMNA

SHADOW W-ANGLE ALUMINUM

FIXING COMPONENTS
METAL PROFILES

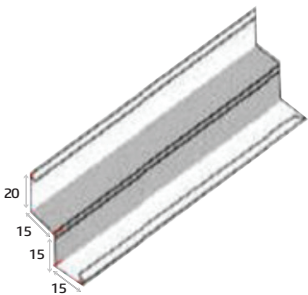

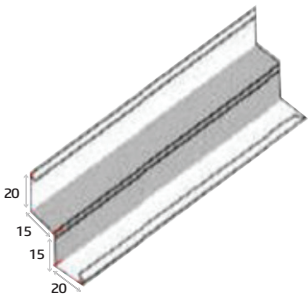

■ DESCRIPTION

The Shadow W-Angle perimeter trim is used to create a smooth transition from ceiling to wall applications. Ideally for use around ceiling perimeters, door jambs, windows and lift walls.

■ BASIC USES

The Shadow W-Angle Aluminum is applicable for ceiling systems.

■ TECHNICAL DATA

PHYSICAL PROPERTIES

Coating	Powder Coated (RAL 9010)
Standard compliance	BS EN 485-4
Material	Aluminum profile
Thickness	0.50
Length	3000mm

■ PERFORMANCE DATA

Item	Dimension (mm)	Length (mm)	Thickness (mm)
W TRIM	20x15x15x15	3000	0.50
W TRIM	20x15x15x20	3000	0.50
